NATIONAL HIV TESTING DAY

Washington, DC (June 23) — The Board of The Cherry Fund is pleased to announce our support for National HIV Testing Day—June 27. “HIV/AIDS testing is a critical in the fighting the spread of HIV/AIDS,” said Paul Marengo, Board Chair.

The goal of HIV Testing Day is to reach those who have never been tested or who have engaged in high-risk behavior since their last test. When people know their HIV status, they can take control of their health and their lives. National HIV Testing Day focuses on "knowing your status," but also strives to end the fear and stigma associated with HIV testing. (www.aidsinfo.nih.gov)
